Let's have a congrats towards Mrs. Henderson for getting teacher of the month! Mrs. Henderson is an 7th grade math teacher and is "Retirement age" She has a family of six! Something a little special is she teaches and does drivers training because her father used to! (At Orchard Veiv)

Hobbies, we all love ours! Some of Mrs. Henderson's favorites would be scrapbooking, collecting flamingoes, and exercising! She has always loved scrapbooking because it gives her old memories! Lovely ones of course! She actually has a nickname Mr. Boyd gave her didn't ya know? Wenderson! Call her that sometime! (Also knowingly her favorite color is Flaming Flamingo Pink!)

Mrs. Henderson has two amazing quotes alot of students actually know! Ever hear "let it go"? Maybe you've heard "Respect, goes a long way!" -Mrs. Henderson. WHAT EVENT IS A LEPRECHAUN

Madalyn Betz

Did you ever wonder where a leprechaun actually originates from? Well they are a small supernatural being that came from the irish folktale. They are usually known as a little man that has a beard, wearing a coat and hat. The word "leprechaun" means "small body". Leprechauns are known for supposedly guarding pots of gold while being mischievous. Some believe that if you catch a leprechaun they will reveal where treasure is hidden and give you 3 wishes. There is no such thing as a woman leprechaun, a female leprechaun would be known as a fairy. Leprechauns drink whiskey and dandelion tea and eat nuts and mushrooms. Their only motivation is their gold and stealing peoples gold.

Isaac Davis

Dentophobia:The Fear of the dentist. This fear is most common in children. This fear is mostly based on bad past experiences. Lots of people can carry this far into adulthood. Put your Fears in the suggestion box near the front of the building.

BEST TYPE OF MUSIC

Delaney Davis

We all love enjoying some music. There are so many different types of music and music artists. But what's the best type of music? I decided this would be a good topic to talk about because we all love music. I set up a poll with 28 music types to decide what's the best type. Only 155 people voted and I thank all of you...And now the moment we have all been waiting for at 3rd place we have Country music with 33 votes. Some country artists are Carrey Underwood, Tim McGraw, and Lucke Brian. At 2nd place we have Rap. here are some of the most popular artists such as Eminem, Drake, and 50 Cent. Now the best type of music of all at 1st place is... Pop. Some great Pop articles include Harry Styles, Talor Swift, and Doja Cat. So in conclusion Country, Rap, and Pop are the most popular types of music but some good runner-ups are Rock, Heavy metal, 90s Rock, and Indie pop, and K-pop.
