WDS 98c Learning Loss Plan

Whitehall District Schools recognizes the impact of the pandemic and the learning loss that has resulted from it. Recovering that learning will require a researched-based approach to increasing learning time and improving learning experiences.

Whitehall District Schools 98c Learning Loss Plan	
Project Goals:	<ul style="list-style-type: none"> ● Expand support, participation, and resources for extracurricular and elective course experiences. ● Provide additional student learning experiences during the summer, after school, and in-school. ● Provide resources for student academic/behavioral interventions and accommodations, through lower class sizes and additional staff ● Improve student behavior and mental health through increased focus/resources toward improving health, wellness, and fitness ● Provide professional staff development opportunities to improve the fidelity of implementation of the above action steps. ● Expand technology resources for the classroom. ● Support educators and staff stability and well-being. ● Engage parents in meaningful involvement during our District Continuous Improvement Team protocols through surveys, conferences, and strategic planning focus groups.
Specific Actions:	<ul style="list-style-type: none"> ● Provide advisory time at secondary level (focus on development of relationships that help students academically, socially, and emotionally) ● Implementing Evidence-Based Activities (small group, research-based intervention) during instructional block ● Monitor Student Academic Progress to Identify Students Who Need More Help (interim and progress monitoring assessments) ● Provide training and resources for implementation of Illustrative Math curriculum at the 6th - 8th grade. ● Reduce class size at elementary schools to provide greater attention to academic and social needs of students.
Data/Metrics Used to assess Impact:	<ul style="list-style-type: none"> ● NWEA MAP Growth Assessment Math and Reading ● DIBELS Reading Assessment ● SWIS Behavior Data ● Daily Attendance Data
